Resolutions:

Following points were discussed in the meeting

1. To review and confirm the minutes of the previous meeting

The minutes of the meeting held on 10th April 2019 were read by the IQAC coordinator. These minutes were confirmed by the committee.

2. To discuss on planning of IQAC activities for the academic year 2019-20

Planning on IQAC activities for the academic year 2019-20 on the following subjects has been done

3. To discuss about arrangement of NAAC workshop sanctioned by NAAC Bengaluru

Resolution: The NAAC Bangalore have sanctioned Rs. 75000/- to organize one-day national workshop on New Spirit of Accreditation and Assessment Process. Accordingly, it was decided to organize this workshop on 20th July 2019. The organizing committee, planning of workshop, resource persons and catering arrangement have been finalized.

4. To Establish Karmveer Koushalya Kendra and to introduce New Skill and value based Certificate courses

Resolution: The new skill based and value added courses were proposed under the roof of Karmveer Koushalya Kendra under the directorship of Dr. S. A. Manjare so as to disseminate and impart the skills among the students of arts, commerce and science faculties. It was also resolved to implement new 22 skill based and 8 value added courses by forming Board of Studies for individual courses and to appoint the coordinators for each course.

5. The result analysis for the year 2018-19

Resolution: Review on result analysis of all faculties for the academic year 2018-19 is discussed. It was decided to congratulate the department which has the best results and also to ask the department which has the lowest result to ask the reason and take appropriate action.

6. To discuss on Institutional Development Plan

Resolution: Dr. S. A. Manjare, Coordinator of planning committee discussed the plans for the academic year 2019-20 which includes, Construction of chemistry laboratory, administrative block, new canteen, biodiversity museum and bioinformatics centre, new toilet blocks, tinkering lab, mathematics and statistics department, physics dark room, audio/video recording room etc. It was also resolved to forward these planning for the approval in front of College Development Committee and suggested for budget provision.

7. To discuss on preparation of academic calendar for the year 2019-20

Resolution: It was resolved that, separate committee for the academic calendar headed by Dr. S. R. Sabale should be constituted. The committee should prepare the

academic calendar incorporating all the details of IQAC meeting, remedial course, bridge course, organization of workshops and national conferences, celebration of various National days, birth and death anniversary celebration of national leaders along with internal exams, annual Sports and cultural programs etc.

8. To prepare annual teaching plan of each faculty

Report of National Webinar on Fundamentals of Electrolysis for Low Temperature Fuel Cell Applications

18th Aug. 2020

Resource Person: Dr. Bhalchandra Kakade,

Professor, SRM Research Institute, Chennai

Department of Chemistry and Physics, Jaysingpur College, Jaysingpur and P.G. Department of Chemistry and Physics, Devchand College, Arjunnagar, Maharashtra organized a National Webinar on Fundamentals of Electrolysis for Low Temperature Fuel Cell Applications on 18th Aug. 2020 in association with IQAC Jaysingpur College, Jaysingpur and IQAC Devchand College, Arjunnagar, Maharashtra. Dr. Bhalchandra Kakade, Professor, SRM Research Institute, Chennai was the resource person.

The publicity of webinar was done through the various whatsapp group of Physics and Chemistry teachers, students, scientist and research students. Almost 350 participants which includes teachers, students, scientist and research students from all over India registered for the webinar. A Telegram group of all these participants was created. On this group the Zoom link, Youtube link and Facebook live link was shared amongst the participants on 17th Aug.2020.

On 17th Aug.2020, IAQC coordinator Dr. S.R. Sabale welcomed all the participants. He has given the details of MOU between the Jaysingpur College, Jaysingpur and Devchand College, Arjunnagar. Principal Dr. R.R. Kumbhar addressed the participants and elaborated the work of Dr. Kakade in the Fuel cells. Dr. S.R. Sabale has given the brief introduction of Dr. Bhalchandra Kakade. The talk of Dr. Kakade begins with societal need of renewable energy. Briefly he explains need of fuel cell as compared with other fuels. He briefly explained what is fuel cell and redox reaction. He has also given the challenges for PEMFCs technology and explained the coordination of novel catalysts and membranes. With the animation digrams he has explained the use of platinum and their alloys and their surfaces. At the end of his talk he shared the number of applications of fuel cells in Industry, research and in day today appliences. Some of the participants have raised their questions in the personal chat room of Dr. Kakade. He has given the satisfactory answers to all the questions. The vote of thanks was given by Dr. P.P. Chikode and he declared that webinar was over. The feedback of all the participants was collected online through google forms and after evaluation they were satisfied with the talk. Those participants who have submitted feedback form have been given the e-certificates through mail.

Study tour report-Goa

As per the curriculum of Shivaji University, Kolhapur, the study tour of B.Sc. III Physics students was organized on 23rd and 24th Feb. 2019 at Goa Science Centre, Panjim, Goa. Thirteen students along with lab assistant are headed by tour incharge Dr. P.P. Chikode.

On 23rd Feb. 2018, students first visited Goa Science Centre. This centre is situated at the heart of Panjim, capital of Goa. It is divided in to various parts with lush green lawn and garden, which also includes lots of experiments of light, sound and optics. Initially we have visited the planetarium. The planetarium is having 100 seating capacity which runs daily four shows in Hindi and English. We have opted the English show namely “Solar system and Galaxies”. In a show of 45 minutes they have covered almost many things in space viz big bang theory, evolution of stars, birth of solar system, production of stars and planets along with humans, water and many more things on surface of earth. The show was informative and students were very excited while watching it. Then we have visited experimental section in which there were number of physics experiments were demonstrated. Students have performed hands on experiments in light, optics and sound. They have experienced the magic of resonance and light. They have understand the concept of illusion, virtual images and paradox. They have understood how the different images can be formed at concave and convex mirrors.

On the same day we have visited Dept. of Physics, Goa University. Students are get familiar with various specializations and research instruments in the department. On the next day we have visited Institute of Oceanography, at Dona Paula beach. They have explained the working of the institute in brief. Also there were lots of models and boards were displayed regarding the life under sea water. We have tried to understand the application of physics in this Institute. They are using SONAR system, ultraviolet rays and various sound instruments in heavy ships. Students were enlightened by visiting this institute.

Thus the happy tour ends with gaining lots of practical knowledge in Physics for students.

Celebration of World Wildlife Week

One Day Seminar on Wildlife and Biodiversity and Inter-college poster competition

The suggestion made by IQAC, Department of Zoology, Jaysingpur College, Jaysingpur has organized one day seminar on Wildlife and Biodiversity on 3rd October 2019 on the occasion of World Wildlife Week. This occasion was graced by **Dr. V. S. Manne**, Head, Department of Zoology, Shivaji University, Kolhapur as a Chief Guest and **Dr. Mahaveer Akkole**, Secretary, Local Committee, Jaysingpur College, Jaysingpur as president for the inaugural function. Dr. Manne has delivered a keynote address on 'Diversity of pests and their biological control Agents'. Wel-come of Chief Guest and President was done by Dr. R. R. Kumbhar, Principal, Jaysingpur College, Jaysingpur. Dr. S. A. Manjare, Head, Department of Zoology, Jaysingpur Collge, Jaysingpur introduced the objectives behind organizing this event. Dr. Sachinkumar R. Patil has introduced the brief biodata of Chief Guest. After presidential speech, inaugural function was ended with vote of thanks by Mr. K. A. Kumbhar.

After inaugural function, Technical session was arranged. The resource person for this session was **Dr. Milind Bhakare** (Author "A field guide for butterflies of western Ghats"). Dr. S. A. Manjare introduced resource person in brief. Dr. Milind Bhakare delivered a detailed speech on life cycle of butterflies with showing nice videos captured by him. The session was ended with vote of thanks by Miss. S. M. Parit

The session II was reserved for the Inter college poster presentation competition. Total 19 posters were registered with more than 40 student participants from various colleges. Dr. Milind Bhakare and Mr. Raman Kulkarni have appointed as referee for judging the posters. Both the referees submitted detailed report of competition. On the basis of report total 4 prizes have been declared.

1. 1st Prize: Krishna Mahavidyalaya, Rethare (BK)
2. 2nd Prize: Vivekanand College, Kolhapur
3. 3rd Prize: Vijaysingh Yadav College, Peth Vadagaon
4. 4th Prize: Y. P. S. College, Solakur.

The prize Containing Books on wildlife and Certificates. Chief Guest of Valedictory function Mr. Raman Kulkarni has announce 5000/- cash prize for 1st prize.

The program was ended with valedictory function. **Mr. Raman Kulkarni**, Honorary Wildlife Warden, Kolhapur district was Chief Guest and **Dr. Dhavalkumar Patil**, Member, Local Committee, Jaysingpur College, Jaysingpur was president of the function. Dr. Sachinkumar Patil introduced Chief Guest in brief.

Mr. Raman Kulkarni delivered a speech on Biodiversity of Kolhapur District. Finally, Prizes were distributed and the function was concluded by presidential speech by Dr. Dhavalkumar Patil and vote of thanks by Miss. Sadiya Patel. Anchoring of the program was done by Miss.

Dipali Bhanushe. In this program total 225 students of B. Sc. I, B. Sc. II and B. Sc. III were actively participated.

Diagnostic Test

It was decided by the college to organize a Diagnostic Test for First year students to know the slow learners, average learners and advance learners. The Faculty of Commerce participated in this innovative Test. This test was conducted on 5th September, 2018, at 9.30 a. m. in the college. All the subject teachers set the questions papers of their respective subjects to know the level of understanding of the students in their subjects. Twenty questions of multiple choices from each subject were set. Total 60 questions for each student which are to be solved within 60 minutes. Totally 188 students from B. Com. I was presented in this test.

After test result is declared and students are sorted in three categories as Slow, Advance and Average learners. After sorting separate schedule is prepared and given guidance to the students by their respective teachers.

. Dr. N. L. Kadam acted as coordinator, Mrs. S. R. Nakate, Mrs. S. S. Chougule, and Miss. Ashwini J. Kamble supervised the test.

Tree Plantation

Trees help to fight global warming by absorbing carbon dioxide, removing and storing carbon while releasing oxygen back into the air. A well grown or adult tree gives sufficient oxygen enough for two people's entire life in a year. In India numbers of trees per person are reducing to less than hundred. Hence to increase awareness about environment and to preserve it the students from Jaysingpur College, Jaysingpur has planted many trees at campus. On Birth Anniversary of Karmaveer Bhaurao Patil on 15th October, 2015 in joint coordination of HDFC bank, Jaysingpur Branch college has also organized a tree plantation.

Street Play: AIDS Awareness

'Avoid AIDS' is one of the few street plays that has been staged on behalf of the National Service Scheme Students. In street play Student focuses on; what causes AIDS? Is it contagious? What are the reasons for AIDS? A street play was presented to draw attention to all these factors. AIDS occurs when two different people have sex. This includes truck drivers, bidi workers, bricklayers, carpenters and a large number of lower class and ignorant people. Because of the disease, many people are afraid to tell people about it. If a truck driver

has the disease; so he stays out for several days with his truck. He may come across prostitute. When he went come home, might possible to have a physical relationship with his wife. As a result without any fault his wife has AIDS. The streets play 'AIDS Awareness' highlights the problems in societies. For this program student get valuable guidance from the program officer Dr. Nitish Sawant, Mrs. Chougule Madam and Miss. Deokar Madam

Street Play: SAVE GIRL CHILD

One of the important initiatives under the National Service Scheme is the 'Save the Lake Campaign'. In countries like India, having a daughter is considered a sin of the previous life. In some cases and tribes, if a girl is born, she is poisoned and killed at birth. All of this is due to our backward thinking. If the girl learns, both the families will be saved, progress will be made, she will know everything about her health and the world, and her scientific vision

will be developed. He presented this in the chowk at Nimshirgaon. In this play Mr. Sushant Chuddappa, Mr. Mehaboob Mujawar, Mr. Chandrakant Kamble, Mr. Mohan patil, Miss. Sujata Patil etc are actively participated. The villagers were enlightened by this street play and the villagers liked this street play very much. In developing a play and in successful presentation Program officer Dr. Nitish Sawant and Mr. Tushar Ghatage taken a great effort.

Street Play: Eradication of Blind Beliefs

No matter which part of world you belong, we will find the people believe certain beliefs and superstitions and India is no exception in this case. Though the Indian society is fast progressing, there are many people who are still superstitions and have a strong faith in the local beliefs; most of the beliefs have originated from Indian religious texts and scriptures. A lack of science education many villagers still caught by blinders. Student from NSS department have performed a science tricks and shown the peoples that hypocrites dont

Have any powers but they uses some tricks and ask peoples for money. Innocent people fall prey to him. This activity is much appreciated by the villagers.

Cleanliness awareness Camp @Ramling-Allamprabhu

Life on earth exists due to the presence of this environment. So the sustainable existence of this life will be assured only if we understand our responsibilities towards nature. One of the simplest ways is to make our environment clean and green. Students must understand the responsibility towards the nature. It can be understood if we arrange special visits to nature. With this motive we arrange tour to *Ramling Allamprabhu* temples on hill spots. Student observes the lack of cleanliness at the said places. Hence student encourage and aware peoples for the cleanliness. This activity was arranged on 7th October, 2015.
