(Karmaveer Kaushalya Kendra)

2022-23

PREAMBLE

To educate the students about the various techniques in plant tissue culture and development of job oriented skills in student to work in commercial plant tissue culture laboratories.

❖ AIMS & LEARNING OUTCOMES

1. To know basics and techniques in plant tissue culture.
2. To develop job oriented skill among the students to start or work in commercial plant tissue culture laboratory.
3. Expertise in the knowledge to set up a basic tissue culture laboratory
4. To provide ample scope for industry and job training
5. To impart advanced training in plant tissue culture technology to develop entrepreneurship skills
6. To give basic quality education with commercial approach in the field of plant tissue culture.

❖ **DURATION:** 06 months (Contact Hrs: 120)

❖ **PATTERN:** Annual

❖ **MEDIUM OF INSTRUCTION:** English

❖ STRUCTURE OF COURSE:

Sr. No.	Paper No.	Title of paper	Contact hours	Weightage
1	PTC-1	Basics of Plant Tissue Culture	24	25
2	PTC-2	Techniques in Plant Tissue Culture	24	25
3	PTC-3	Practical based on theory	44	30
4	PTC-4	Field Visit	08	05
5		Project Work	20	15
	Total		120 Hrs.	100 Marks

❖ LIBRARY

Reference and Textbooks, Reference Books for Advanced Books for Advanced studies –List Attached

❖ SPECIFIC EQUIPMENTS

Well designed tissue culture Laboratory with lecture hall

Incubation room, Inoculation space, Preparation room, Laminar air flow, culture racks, A.C., Autoclave, Incubator, PH meter, weighing balance etc.

❖ LEARNING OBJECTIVES:

1. Introduction to plant tissue culture.
2. Study of laboratory organization for plant tissue culture.
3. Preparation of plant tissue culture media.
4. Study of aseptic techniques for plant tissue culture.
5. Development of tissue culture plants
6. Study of micropropagation of plants

Paper PTC-1 (Theory)

Basics in Plant Tissue Culture

24 hrs

Unit 1 History and introduction of plant tissue culture (04)

- 1.1 Introduction, brief history, principle and significance of tissue culture;
Concept of cellular totipotency
- 1.2 Cyto-differentiation

Unit 2 Plant tissue culture laboratory organization (05)

- 2.1 Laboratory layout and work areas
- 2.2 Aseptic laboratory-media preparation and culture rooms
- 2.3 Basic tools, glass goods, equipments and instruments

Unit 3 Instrumentation and Sterilization techniques (05)

- 3.1 Instrumentation: Laminar air flow, autoclave, distillation unit, pH meter, orbital shaker, microscope, deep freezer, growth chamber
- 3.2 Laboratory sterilization, Instrument sterilization
- 3.3 Media sterilization, explant sterilization

Unit 4 Culture media and plant Hormones (07)

- 4.1 **Culture Media:** M.S. Media, White media, Nitsch media, B-5 media, Mitra Media, Knudsen media
- 4.2 **Plant Hormones:** Role of Plant hormones (auxins, cytokinins, abscissic acid, ethylene and Gibberellins) in plant development

Unit 5 Introduction to general techniques (03)

- 5.1 Culture medium and its preparation (MS media)
- 5.2 Inoculation of explants

Learning Outcomes

1. Introduction to plant tissue culture.
2. Knowledge about laboratory organization for plant tissue culture.
3. Student will get the knowledge laboratory instruments & sterilization
4. Students will learn different types of plant tissue culture media
5. Know technique of preparation of plant tissue culture media.

Paper PTC-2 (Theory)

Techniques in Plant Tissue Culture

24 hrs

Unit 1 Callus culture technique

(04)

- 1.1 Introduction, Principle, Mechanism of callus formation, Sub-culture of callus
- 1.2 Morphology, internal structure in callus tissue, Factors affecting callus culture
- 1.3 Applications and limitations

Unit 2: Somatic embryogenesis

(04)

- 2.1 Process of somatic embryogenesis, structure, stages of embryo development,
- 2.2 Factors affecting embryogenesis and production of artificial seeds
- 2.3 Cryopreservation

Unit 3: Organ Culture Technique (*In-vitro* regeneration)

(04)

- 3.1 Introduction, history, principle, protocol for organogenesis
- 3.2 Factors influencing organogenesis, mechanism of organ development
- 3.3 Applications and Limitations

Unit 4: Micropropagation technique

(04)

- 4.1 Introduction, stages of Micropropagation
- 4.2 Different Pathways of Micropropagation- Axillary bud proliferation, somatic embryogenesis
- 4.3 Factors affecting, advantages and applications of Micropropagation

Unit 5: Suspension culture technique

(04)

- 5.1 Introduction, history, principle of suspension culture
- 5.2 Establishment and types of suspension culture
- 5.3 Importance and uses of suspension culture

Unit 6: Hardening & Acclimatization

(04)

- 6.1 Hardening- Need and technique of hardening micropropagated plantlets
- 6.2 Acclimatization: Techniques in acclimatization: Humidity, antitranspirants, Soil and containers, Control of temperature and light

Learning Outcomes

1. Introduction callus culture technique.
2. Student will understand the process of somatic embryogenesis
3. Knowledge about in-vitro culture technique.
4. Know technique of micropropagation of various plants.
5. Student will understand the phenomenon of hardening & acclimatization of in-vitro grown plantlets

2022-23

During the academic year 2022-23 nine students were enrolled for the course. They were introduced with the syllabus both theory and practical's and also the job opportunities after completion of the course. They studied the culture techniques, preparation of media, methods of inoculation. Students prepared the plantlets of banana and bamboos for commercial purpose. The students visited to pimpalgaon-khurd al Kagal for hands-on training and to study the techniques of tissue culture. The theory and practical examination was arranged in the month of April-2023. All students were passed with the 'O' grade. Dr. P.B.Karuna guided the students about the course.

Empowering Futures: Multi-Skill Training at Jaysingpur College with SMART and FICSI Initiatives

(2022-23)

The practice- "Empowering Futures: Multi-Skill Training at Jaysingpur College with SMART and FICSI Initiatives."

The objective-The goal is to provide students with comprehensive skill development training, boosting employability and contributing to the larger goal of developing a competent workforce. Integrating SMART and FICSI at Jaysingpur College corresponds with this goal, equipping students for a variety of professional jobs.

The context-Spandan Education Society, a division of Sharanprabha Bahuuddeshiya Sanstha, is a registered SMART training center, offering courses with five different role. Jaysingpur College, a Kolhapur district member, engages with FICSI on comparable training programs under the PMKUYA Scheme.

Evidence of success -Accreditation certificates authenticate program completion, attendance papers demonstrate student participation, on-field images reflect practical application and skill improvement, and fund distribution follows government guidelines.

Problems encounter and solution- Due to the limited initial infrastructure, improved facilities for practical training were required. Early on, logistical issues in resource allocation for equitable distribution occurred. Strategic planning was required for successful communication and promotion, as well as encouraging student participation. Infrastructure was improved as a result of collaborative stakeholder initiatives. A methodical resource allocation strategy assured optimal usage. Improved communication tactics, such as awareness campaigns, increased participation.

Short term skill course in Preparation of household chemicals

The one day workshop under Short term skill course in “Preparation of household chemicals” has been organised on 11-02-2023. The goal of this course was to generate interest amongst the students about laboratory chemistry and entrepreneurship in chemical industry. Total 74 students of BSc III (2022-23) were participated in this workshop.

Dr. K. V. Gaikwad explaining the students about the making of floor cleaner during the workshop

The resource person and the chief guest Dr. K. V. Gaikwad guided students through demonstration and hands on training about the preparation of house hold chemicals such as phenyl, detergent, liquid-soap etc. Students individually made these material in laboratory, photos of those are attached with the report.

Mr. R. D. Tasgaonkar, Department of Chemistry welcomed all guests and discussed motives of workshop. Dr. R. D. Kale, Head, Department of Physics chaired the inauguration session. He congratulated the department on arranging this workshop. Principal Dr. S. A. Manjare visited the laboratory during the workshop.

Youth Employment Program

College to Careers in Digital Economy

The biggest challenge of modern India is unemployment among youth where annually 6.6 million youth complete their graduation. Approximately 2.5 million youth from socially marginalized communities need support to strengthen their employability skills. Lack of opportunities, exposure, communication skills, confidence, and technical knowledge cannot be allowed to chain them to their fate.

Youth Employment Program responds to this need of youth to acquire meaningful jobs in the industry by providing free personalized training on 21st century skills and focused mentoring. The program also helps rural colleges/academic partners upgrade their quality of curriculum delivery and meet the corporate requirement.

Program Model

Teach

Business skills, 21st century technical, skills, digital skills, domain exposure facilitated by TCS SMEs and Freelance Trainers. Robust Trainer Selection Process put in place

Mentor

One to one mentoring by industry professionals/TCSers for job readiness to enter world of work

Reach

Identification of focus districts, due diligence of partnerships, collaboration with tier 3 & tier 4 colleges

Coach

Market Facing Certifications, Periodic Trainee Performance Evaluations, Leadership Connects, Domain Specific Trainings

Place

Employment, Entrepreneurship, and pursuing higher Education as Career options

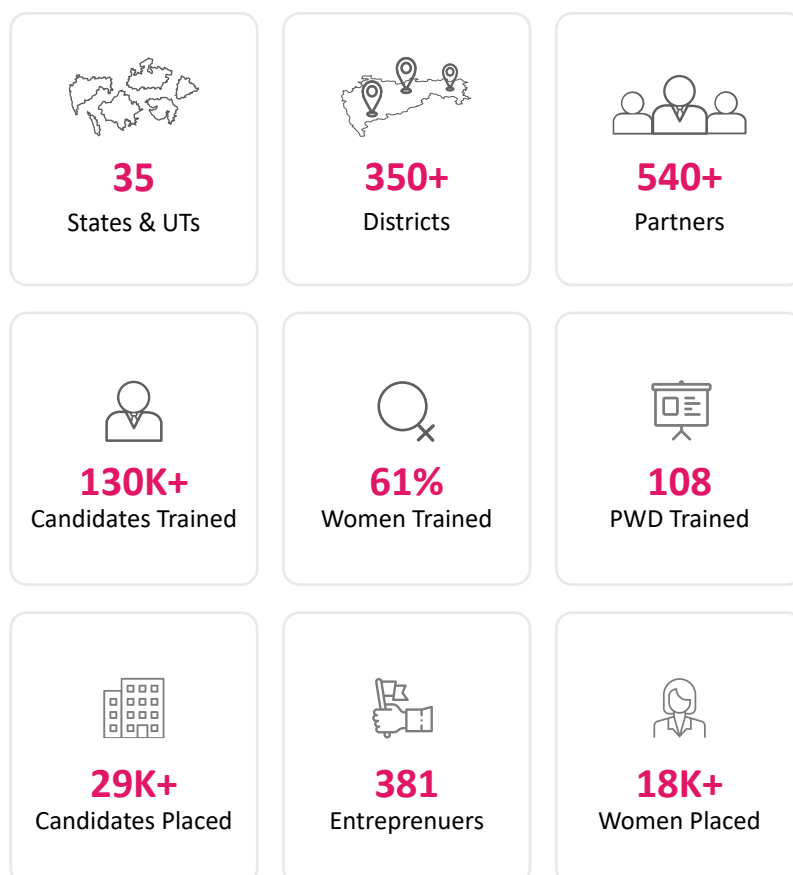

Program Framework

YEP uses Four Pillar Framework for successful delivery of the program:

- Trainees are mobilized by Colleges, Universities, NGOs/Trusts, Corporate Foundations, Government partnerships and Tata Group companies which forms the first pillar.
- Content is prepared and curated by TCS experts, and in partnership with other market leaders.
- Selected external trainers along with TCS volunteers train the beneficiaries in specific skills based on their abilities and educational background; and
- Candidates are supported for placement in Corporates, and pursue their career as they may be employed, or wish to pursue an entrepreneurship or higher education.

“ The program inspired me to groom myself to be a professional. It played a very significant role in making me become more confident in communications skills. It is a must for rural students, who are aspiring to achieve their goals with limited available resources.

Rakshith DS
Program Participant

The program infused in me a feeling that I was capable of overcoming any barrier. I should not lack in grit and determination.

Mousumi Islam
Program Participant

The TCS Youth Employment Program encouraged the students to realize their true potential and achieve it. The program instilled self confidence in the students. There is a tremendous improvement in their communication skills and personality. The YEP specialized training has paved the ideal path for their campus to corporate transition.

Campus Interview

17.09.2022

The Campus interviews were organised by Placement Cell, Jaysingpur College, Jaysingpur From 16.09.2022 at conference hall. In placement camp, interviews for Cleantech. Laboratory, Mumbai

On 16.09.2022, Campus interviews were started with inaugural function. The chief guest for inaugural function was Mr. Vinayal Parle (H. R.). Dr. G. H. Nikam introduces H. R. Mananger and explain briefly the schedule of Campus interviews. Mr. Parle guided students regarding opportunities in various sectors. He elaborated the interview schedule and steps. Then Dr. B. M. Sargar proposed vote of thanks. For this function Dr S R Sabale and Shri. R. D. Tasgaonkar were present. Then interviews were started. The interviews are conducted in different steps as registration and data information collection from students, Written Examinations and then group discussion is conducted in different subjects. Then personal interviews of short listed candidates were conducted.

For this campus interviews 55 students were present. Depending on their performance in interview5 students are shortlisted. The list of final shortlisted candidates is as given below.

Year:	2022-23
Name of the Activity:	Guest Lecture on "Sampling Technique"
Date:	15.02.2023
Venue:	Department of Statistics
Co-ordinator:	Mr. R. D. Shinde
Organised for: College/class/ staff	Students and Staff
No. of Participants	24+
Nature: (e.g. Academic, cultural, sports etc)	Academic
Objectives of the Activity	To get the insights of sampling
Chief Guest/s or Resource Person/s	1. Mr. R C. Sadalage; Assistant Professor, DKASC, Ichalkarangi
Short Report (in English)	Sampling has wide application in real life. Students needs to know the basics in Sampling for the better analysis and authentic datasets. Department has organised a guest lecture for B.Sc.-II and B.Sc.-III Statistics students. Mr. Sadalage has delivered a nice talk on sampling. He has shared his views on some basics to be understand while doing the sampling. Students has asked questions on sampling and estimations in sampling. Students have enjoyed the information and application of sampling in life science.
Outcome/Remark	Students has enjoyed the application of sampling in life sciences.

GUEST LECTURE ON "SAMPLING TECHNIQUE"

Guest lecture is an attempt of popularizing statistics among the students and exposing new horizon of statistics to Students. Department has asked Mr. R. C. sadalage from D. K. Arts, Science and Commerce college, Ichalkaranji to deliver a guest lecture on "Sampling Technique". As per the available time schedule we organise the same on 15.02.2023. He has shared information on sampling Technique, specially he has given emphasis on Simple Random sampling (with and Without replacement), stratified random sampling. And cluster sampling to be used in rare life sciences. In the beginning of function. Mr. R. D. Shinde has welcomed the guest and then towards end the function Miss. Riza bagwan has delivered Vote of thanks. Students has enjoyed the information and application of statistics in other science.

Report

Short term skill course in Preparation of household chemicals

The one day workshop under Short term skill course in “Preparation of household chemicals” has been organised on 11-02-2023. The goal of this course was to generate interest amongst the students about laboratory chemistry and entrepreneurship in chemical industry. Total 74 students of BSc III (2022-23) were participated in this workshop.

Dr. K. V. Gaikwad explaining the students about the making of floor cleaner during the workshop

The resource person and the chief guest Dr. K. V. Gaikwad guided students through demonstration and hands on training about the preparation of house hold chemicals such as phenyl, detergent, liquid-soap etc. Students individually made these material in laboratory, photos of those are attached with the report.

Mr. R. D. Tasgaonkar, Department of Chemistry welcomed all guests and discussed motives of workshop. Dr. R. D. Kale, Head, Department of Physics chaired the inauguration session. He congratulated the department on arranging this workshop. Principal Dr. S. A. Manjare visited the laboratory during the workshop.

One Day Workshop on Laboratory Safety Workshop

Organized by Department of Chemistry
Date: 12-12-2022

Safety is the factor of paramount importance in industrial and academic sectors. We come across many mishaps due to improper handling of the instruments and carelessness at work place. India has witnessed the unforgettable loss due to industrial mishandling i.e. Bhopal gas tragedy in the international company Union Carbide. Similarly in our college the departmental chemistry laboratory completely burnt few years back. The students and non-teaching staffs are not well versed with proper handling of the instruments. Also the biological specimen should be handled with proper care. The exposure of biological specimen particularly microbes can cause severe hazardous to the mankind and livestock. Thus, it is important to be aware with identifications and use of emergency equipments and protective gears. Considering the importance of the topic our department has organized one day workshop under leadership of Prof. (Dr.) B. M. Sargar on Date 12-12-2022.

Total 30 non-teaching staff and 07 faculty members were present during the workshop. The officers and staffs from fire brigade station Jaysingpur municipality were resource persons. During the active session the resource persons enlightened various safety protocols so as to avoid mishaps especially to avoid fire in the laboratory. They demonstrated proper handling of the fire extinguisher. The possible measures suggested by the experts are as below:

- Keep all the containers closed except when in use.
- Maintain adequate ventilation in the laboratory.
- Maintain ABC fire extinguisher in the laboratory.
- Minimize the quantity of flammable chemicals in the laboratory.

The workshop was very much beneficial for the participants for their own safety as well as safety of the laboratory.

The resource person for the first session was **Prof (Dr). G. S. Rashinkar, Department of Chemistry Shivaji University, Kolhapur.** Dr. G. H. Nikam (Convenor, Placement Cell) has introduced and welcomed resource person. The resource person discussed the various aspects of NET/SET examination. He discussed regarding the necessary study for NET/SET preparation. He discussed about the syllabus, marking system of the exam, commonly used reference books and question solving approach towards examination. He was focused on the topic spectroscopy and solved many problems included in previous question papers. He discussed regarding the necessary study material and use of various reference books for NET/SET preparation. He also share wonderful life experiences with students and asked them to be serious in studies for better grades and gave best of luck for study.

The resource persons discussed the various aspects of NET/SET examination. They discussed regarding the necessary study for NET/SET examination. All M. Sc. students were actively participated in seminar.

P. G. Department of Chemistry and DST-FIST Analytical instrumentation laboratory has organized workshop on Hands on of Analytical instrumentation in collaboration with Science Association on Friday and Saturday 03.02.2023 and 04.02.2023. Dr. S. R. Sabale, M. Sc. Coordinator welcomed Dr. R. D. Kale, convener and all M. Sc. Students. Dr. S. J. Mane-Gavade introduced the theme of this day. The main theme of this workshop was to make the students aware regarding the sophisticated instruments UV Visible spectrophotometer, FTIR spectrophotometer, AAS, BET, HPLC, GC, and Fluorescence spectrometer housed in DST-FIST

laboratory. The workshop includes Hands on Training sessions on the sophisticated instruments.

All the students were divided into two groups for receiving effective hands-on training on instruments. Dr. R. S. Dhabbe (for HPLC), Mr. P. S. Chougale (for FTIR), Miss. A. A. Koli (for BET), Dr. S. R. Sabale (for GC) and Dr. S. J. Mane-Gavade (for UV) gave hands on training to students.

Going by experiences and feedback received from the students, it is very much clear that such exposure to several characterizations is very much helpful for them to improve their knowledge and pursue their research with higher quality. Finally the training was ended with full of happiness. Miss. A. A. Koli expressed the vote of Thanks.

P. G. Department of Chemistry has organized one day seminar on preparation of NET and SET examination in collaboration with Science Association on Friday, 17.03.2023. The workshop was designed as to bring together teachers and students to exchange their views and ideas for a better understanding in the subject. It was a special theme deals with to generate awareness in the subject. It aimed to encourage learning among college teachers and students. The main aim of the workshop was to generate confidence in Chemistry students to face NET and SET examinations. Dr. S. R. Patil, Assistant professor, Department of Zoology welcomes and introduce

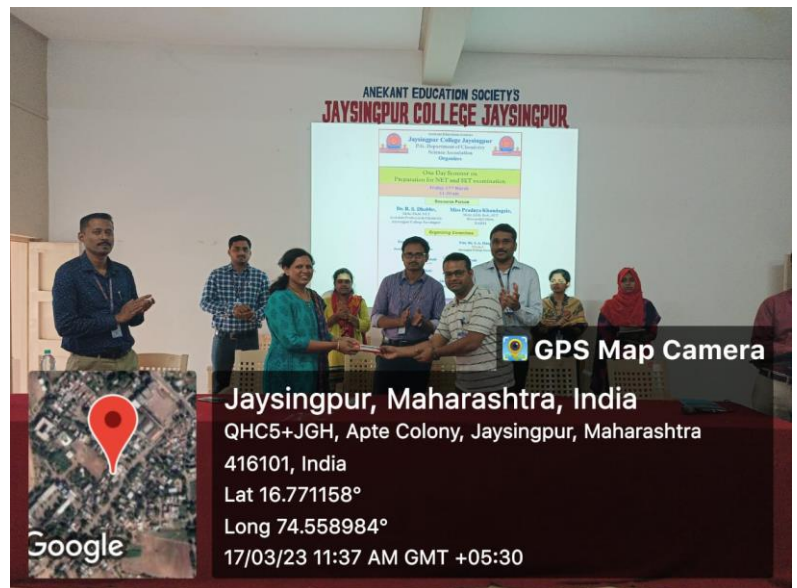

the guests Dr. R. S. Dhabbe and Miss. Pradnya Khandagale and gave the foreword.

In first session Dr. R. S. Dhabbe, Assistant Professor, Department of Chemistry, Jaysingpur College, Jaysingpur delivered the lecture, in which he discussed new guidelines and nature of NET examination. He also discussed UGC NET and its details in terms of eligibility, exam pattern. Clear understanding between UGC NET assistant professor and JRF was made known to the students. Tips regarding clearing exams were shared including preparation for Paper I and Paper II. He also spoke about careers in teaching and research. Details on research fellowship and stipend was shared with the students if they obtain for full time PhD. He also shared his experiences to achieve the success in these exams.

In second session Miss. Pradnya Khandagale, research fellow, BARTI delivered the lecture, in which she discussed new guidelines and nature of SET examination. She discussed about SET exam and preparation of SET examination. She also shared her experiences to achieve the success in these exam. During the session number of queries of the students about NET/SET examination has been resolved. This lecture received good response from Students. Miss. N. S. Mujawar proposed vote of thanks.

The purpose of research is to inform action. Research must always be of high quality in order to produce knowledge that is applicable to the society for its betterment. It is very important to explore the knowledge amongst students to perform research. Taking this into the consideration, P. G. Department of Chemistry, Jaysingpur College, Jaysingpur has organized a Workshop on Research methodology for M. Sc. II year students on 2nd February 2023. Dr. R. S. Dhabbe, Assistant professor, Jaysingpur College, Jaysingpur has introduced and welcomed Dr. Sandip Patil, Director and Founder, Biocyte institute of research and development, Sangli and Associate professor and HOD Dr.

Shivajirao Kadam College of Pharmacy Kasabe Digraj. Almost 56 students and 11 teachers of our college participated in the workshop.

He has discussed methodologies of doing research such as research paper searching, research paper reading, research paper writing and characterization techniques. He also explained in vitro screening techniques. During the session number of queries of the students about research has been resolved. This lecture received good response from participants. Dr. S. Name of the activity: “Two-Day Workshop on Mathematical Software”

Report:

Python is a computer programming language often used to build websites and software, automate tasks, and conduct data analysis. Python is a general-purpose language, meaning it can be used to create a variety of different programs and isn't specialized for any specific problems.

Scilab provides a high-level matrix language and allows to define complex mathematical models and to easily connect to existing libraries. That is why optimization is an important and practical topic in Scilab, which provides tools to solve linear and nonlinear optimization problems by a large collection of tools.

“Two-Day Workshop on Mathematical Software” organized by department of mathematics Jaysingpur College, Jaysingpur for all B.Sc. students to make them aware about various Mathematical Software and trends in the field of science after graduation on 27/04/2023-28/04/2023. The lecture in this workshop was given by Mr. Mehul Jadhav, Assistant Professor, Department of Mathematics, New College, Kolhapur has delivered a lectures on the topic Python and Scilab programing.

Guest Lecture on "Introduction of Indian Constitution"

Department of Zoology has arranged a guest lecture on "Introduction of Indian Constitution" for B. Sc. III Zoology and Botany students on 15th December 2022 at 01:30 pm in the Zoology Department. Dr. Sachinkumar R. Patil, Head, Department of Zoology has delivered introductory speech and heartily welcomed Guest of honor, staff and all students for this session. Dr. Suraj D. Umdale, Assistant Professor, Department of Botany has felicitated Dr. Khanderao Khaladkar (Assistant Professor, Department of Political Science, Jaysingpur College Jaysingpur), Chief Guest of the function by offering the flowers as a token of love.

The speaker began the lecture by explaining the historical perspective of constitution. In his talk he emphasized over the importance and features of an ideal constitution. The lecture was received with admiration of student. Afterward there was an interactive session, where she invited questions and responded to them in a lively and

humorous manner.

In this lecture 13 students from the Zoology Department and 8 students from the Botany department were participated. Miss Ravina Patil has delivered vote of thanks and concluded the session.

Wildlife Week 2022-23

Guest lecture report

Wild life week is celebrated all over the world in the first week of October every year to protect animal life. It was first started in the year 1952 with the great vision of biodiversity by taking some critical steps. IQAC, Department of zoology and Department of Botany celebrated wildlife week in

Jaysingpur College, Jaysingpur from 1st to 6th October 2022. The program aimed to create awareness among the youth to have a passionate heart for biodiversity around them. During the celebration several Presentations, competitions were organized with a mural making workshop and butterfly walk for students to raise consciousness in favor of wildlife preservation.

On 6th October a guest lecture was arranged, the program was started at 11:00 am at conference hall, with the welcome of Chief guest Mr. Raman Kulkarni (Honorary wildlife warden) Anchors for the program were Miss Yogita Sutar and Miss. Sneha Kamble (B.Sc. III year students). Welcome and preface of the program was given by
