## **VISIT REPORT**

19<sup>th</sup> August, 2023

The Department of Botany has organised the industrial visit to Janani Biotech and Tissue Culture Lab, Pimpalgaon, Kolhapur as a part of curriculum of Certificate course on 'Plant Tissue Culture' on 19<sup>th</sup> August, 2023.

The Janani Biotech and tissue culture laboratory is proudly one of the major Exporter and Producers, Manufacturer of Banana Plants, banana tissue culture, etc. technically raised by tissue culture. Having last years of experience in the industry, their utmost sincerity and commitment all through has today led us to extend our client base globally. By a good fat research of 4 years in tissue culture of bamboo (*Bambusa Balcooa*) and with the usage of cutting edge technology in the field, they have developed loads of top notch quality plants till now in excellent aseptic conditions. The existing infrastructure has the ability to produce around 3 million daughter plants every year. The Quality Assurance Program is a combination of system monitoring and laboratory testing to confirm their quality.

A total 15 students and one faculty member were participated in this study tour. The teachers and students assembled and started journey from central Bus stand of Jaysingpur at 7.00 am. They reach at Janani Biotech and Tissue Culture Lab, Pimpalgaon, at 10.00 am via Kolhapur. During the visit the students were visited sterilization section, media preparation section, inoculation section and hardening section.

In sterilization section, students learned the various methods of sterilization techniques and also got hands-on training of sterilization methods. Students also learned about the hardening process of tissue cultured plants of Banana, Sugarcane and Bamboo plantlets.

The present visit increased the knowledge of students about the tissue culture techniques and also received the hands-on training of sterilization techniques and hardening of plants at polyhouse. The students received the commercial knowledge of tissue culture industry.

P. G. Department of Chemistry and DST-FIST Analytical instrumentation laboratory has organized workshop on Hands on of Analytical instrumentation in collaboration with Science Association on Friday and Saturday 03.02.2023 and 04.02.2023. Dr. S. R. Sabale, M. Sc. Coordinator welcomed Dr. R. D. Kale, convener and all M. Sc. Students. Dr. S. J. Mane-Gavade introduced the theme of this day. The main theme of this workshop was to make the students aware regarding the sophisticated instruments UV Visible spectrophotometer, FTIR spectrophotometer, AAS, BET, HPLC, GC, and Fluorescence spectrometer housed in DST-FIST laboratory. The workshop includes Hands on Training sessions on the sophisticated instruments.

All the students were divided into two groups for receiving effective hands-on training on instruments. Dr. R. S. Dhabbe (for HPLC), Mr. P. S. Chougale (for FTIR), Miss. A. A. Koli (for BET), Dr. S. R. Sabale (for GC) and Dr. S. J. Mane-Gavade (for UV) gave hands on training to students.

Going by experiences and feedback received from the students, it is very much clear that such exposure to several characterizations is very much helpful for them to improve their knowledge and pursue their research with higher quality. Finally the training was ended with full of happiness. Miss. A. A. Koli expressed the vote of Thanks.

The purpose of research is to inform action. Research must always be of high quality in order to produce knowledge that is applicable to the society for its betterment. It is very important to explore the knowledge amongst students to perform research. Taking this into the consideration, P. G. Department of Chemistry, Jaysingpur College, Jaysingpur has organized a Workshop on Research methodology and use of E-resources for M. Sc. I and II year students on 10<sup>th</sup> February 2024. Miss. S. Y. Karbhoi, Assistant professor, Jaysingpur College, Jaysingpur has introduced and welcomed Mr. A. K. Kulkarni. Almost **56** students and 06 teachers of our college participated in the workshop.

He has discussed methodologies of doing research such as research paper searching, research paper reading, research paper writing and characterization techniques. He also discussed E-resources form collection of information in libraries as full text databases, e-journals, image collections, multimedia in the form of CD, tape, internet, web technology, e-discussions, e-news, data archives, e-mail, even online chatting. E-resources are convenient to use and make research a lot easier. During the session number of queries of the students about research has been resolved. This lecture received good response from participants. Miss. M. H. Momin proposed vote of thanks.
